

THE E-J GROUP WELCOMES CS CONSTRUCTION OF ARIZONA TO THE ORGANIZATION

The E-J Group continues to expand to meet our client's needs by staking claim in the Southwest with the addition of CS Construction to the organization

Since 1980, CS Construction has provided construction services through Arizona, California, Colorado, and Nevada to a variety of clients. They have earned a reputation as a high-quality construction service provider. CS Construction has been responsible for over \$1 billion in construction and engineering projects. They are comprised of two divisions, concrete structures, and broadband, traffic signal/street lighting.

“We are pleased to welcome CS Construction to the E-J Family,” says Anthony E. Mann, President & CEO of the E-J Group. “CS Construction’s culture of safety first, innovative solutions align with E-J’s and makes for an ideal new member of the organization.”

“All our divisions operate under the same philosophy, the best quality workmanship, utilizing the best equipment available and performing work in a safe and efficient manner. We share the same client focused approach of doing business,” states Ross Genenbacher of CS Construction. “Our new chapter provides more opportunities for our employees and strengthens what we offer to our clients.”

CS Construction is located at 22023 N 20th Ave STE A, Phoenix, AZ 85027 and can be contacted at (623) 889-7650
